

CAUTION
KEEP OUT OF REACH OF CHILDREN

SOLVEX

SOLVENT BASED CLEANER

SOLVEX is a solvent based cleaner designed to be quick drying and smear free on all hard surfaces. It removes glues, silicone, inks, permanent marker pencil marks and bitumen. It has no effect on laminates, formica, two pack paints, as well as ABS and PVC edging.

DIRECTIONS OF USE:

SolveX can be use through a sprayer or applied to a white cotton rag to clean the surface area. A chemical resistant sprayer is recommended for use. and white cotton rags are recommended as SolveX may draw the dye from coloured rags.
